Performer Hospitality Committee

These kind folk work in small groups to care for the LTCA performers by greeting them the day of the LTCA show; feeding them and helping them get ready for their performance; also selling merchandise, as requested. Someone working in this capacity typically works one or two shows a season. Depending on the performer's needs and the volunteer's tasks, the time commitment could range from a couple of hours to all day. Daniel Worsham is the contact person for this committee.
